**ACADEMIC YEAR 2004-2005**

Nervous System and Human Behavior  
Cardiovascular System  
Micro/Infectious Disease  
Rheumatology

You will be scheduled to take the Pulmonary exam 1 on the make-up date (3/31/04) and take MCFM exams 4, 5 and 6. You will pick up Cardiovascular System in the academic year 2004-2005 along with any outstanding second year courses. On this decelerated scheduled will join the Class of 2007 and your expected date of graduation is June 2007.

The by-laws of the Committee on Student Promotions and Professional Standard can be found at [www.aecom.yu.edu/ooe/students](http://www.aecom.yu.edu/ooe/students).

Please be very careful in planning for your examinations, and friends and family must accept (and hopefully understand) that your focus must be firmly on your schoolwork. Avail yourself to our Cognitive Skills Program and the tutoring provided (430-3154). Extra-curricular activities should be kept to an absolute minimum, or undertaken with a full awareness of the risks involved. In other words, day-in-and-day-out, and working with study partners that support one another's motivation is a great help.

Come in to see me and/or the rest of the second floor team anytime you need us.

Sincerely,

James David, MD  
Associate Dean for Students

Dear Dr. David,

COPY

I would like to retake the CV  
course next year. I am not certain that  
I will perform well enough on the exam and  
I feel that I will have a much better  
understanding of the material if I retake  
the course. Thank -you for understanding and  
for all your help in this matter

The by-laws of the Committee on Student Promotions and Professional Standards can be found at [www.aecom.yu.edu/ooe/students](http://www.aecom.yu.edu/ooe/students), and hard copies are available in my office, Belfer 210.

Please be very careful in planning for your examinations, and family and friends must accept (and hopefully understand) that your focus must be firmly on your schoolwork. Avail yourself of our Cognitive Skills Program and the tutoring services provided by Dr. Mildred Witt (718-430-3154). Extra-curricular activities should be kept to an absolute minimum, or undertaken with a full awareness of the risks involved. In other words, I urge you to make good decisions, there is a lot at stake here.

I urge you to make a stand that your schoolwork be your highest priority. You should study as much as you possibly can, day-in-and-day-out, and working with study partners that support one another's motivation is a great help.

Come in to see me and/or the rest of the second floor team anytime you need us.

Sincerely,
